

A Ten Year Look

Postsecondary Success in Rhode Island: **ECONOMIC STATUS**

As determined by free or reduced lunch

How to read this diagram:

As you move from left to right across the graphic you can follow the achievement level of students broken down by subgroup. N is the number of students in each group.

RIDE Rhode Island Department of Education

Data notes: The denominator for all of these percentages is the students from RI's 2007-2008 freshman class. The numerator is the percentage of students who have completed each step at any point between 2008 to 2018. This diagram disaggregates the data by students who are economically disadvantaged, as determined by receiving free and/or reduced price lunch. The postsecondary figures include any college or university nationwide (both 2-year and 4-year) that reports data to the National Student Clearinghouse. Analysis by DataSpark at URI.
